STATION CREEK GOLF CLUB

To whom it may concern:

It is my pleasure to recommend Fuzail Siddiqui. I worked with Fuzail for four years from 2000-2003 during which time he worked as seasonal laborer at Station Creek Golf Club in the turf department. Fuzail assisted in the day to day maintenance of the golf course. I was consistently impressed with Fuzail's work ethic, attitude and productivity during the time that he has worked at Station Creek.

One of Fuzail's main duties during his tenure was implementing the certification of Station Creek under the Audubon Cooperative Sanctuary Program for Golf Courses. This program helps golf courses protect our environment and preserve the natural heritage of the game of golf. By helping people enhance the valuable natural areas and wildlife habitats that golf courses provide, improve efficiency, and minimize potential harmful impacts of golf course operations, the program serves as a vital resource for golf courses. Due to Fuzail's hard work and dedication, Station Creek was successfully Audubon certified in 2003 and is still certified at this time.

Fuzail always took great pride in his work and always exceeded my expectations during his time working along side me. He has excellent communication skills, intelligent, reliable, has great attention to detail, and he can work both independently and in a crew with co-workers.

Please do not hesitate to contact me if you need any additional information.

Sincerely,

A handwritten signature in black ink, appearing to be "JR", written in a cursive style.

Jeff Robertson
